Application for NAREN Certification

Welcome to the journey of certification in the NAREN NINE Standards of Quality At-Risk Education!

The NAREN *Self-Study Kit* is used by districts in three ways – check (✓) the one you are contemplating:

- To assess and certify programs in existence;
- To restructure their programs according to research-based quality facets; and/or
- As a formative tool in developing new programs such that they will be certifiable from the beginning.
